Body Battle Fought Without Referee or Seconds in Downtown Office

George F. Witter and Auditor Oberlin Fight It Out to Finish

Cigar was smoked, the lie was passed, the glass doors clattered into the floor, stenographers screamed, and it was all over, M. W. Oberlin, court auditor, had a teach clogging to the back of his head, and Attorney George F. Witter was busy rubbing the finger prints on his forehead. All happened on the top floor of the Commercial Building, Twelfth and Broadway, shortly after 10 o'clock this morning, and without the aid of referee, seconds, press agents or police interference, the fight took the count on the "loaded" floor of the Commercial Building. When the fight started, the only thing that remained to be done was to sweep up the broken glass and call the janitor with the mop. ROW OVER FURNITURE. There are various versions of how it started, but the principals agreed that it had a claim on some of the furniture in the office that was occupied by Attorney Witter and the late Auditor Oberlin. Since the death of Oberlin, Witter had moved his office to the corridor on the same floor and was called there this morning, Oberlin called to prepare the furniture for removal. The aid of the elevator boy, Oberlin called to the office and ordered to prepare some of the furniture. He says that in one desk same across three choice Havana's, and thinking that they had been taken when the office was vacated, he took one and sat back with supreme satisfaction. Witter was short-lived, for Oberlin told Witter what was going on. (Continued on Page 2, Col. 4)

Wells-Fargo Under Los Angeles Fire

Western City Says the Express Company Is Discriminating on Valley Rates.

FRAMONTO, June 1.—The State Ad Commission received a complaint from the Merchants and Manufacturers Association of Los Angeles in which the Wells-Fargo Express Company is accused of discrimination in favor of San Francisco. The complaint states that the rates for express shipments from Los Angeles to San Francisco are higher than the rates for shipments from Los Angeles to other points. The complaint also states that the Wells-Fargo Express Company is discriminating against the Merchants and Manufacturers Association of Los Angeles by charging higher rates for their shipments than for the shipments of other companies. The State Ad Commission is now investigating the complaint.

\$198,000 TO BE COST OF SCHOOLS

Tentative Plans Approved by Board of Education at Torrid Session

Directors Transact a Large Amount of Business in Disputatious Manner

Some inspired janitor lit the furnace in the top floor of the city hall annex yesterday afternoon and as a result the board of education last night held the hottest meeting in its history. The added fact that there was enough business on hand to occupy the attention of half a dozen boards did not reduce the temperature any, and after three hours of deliberation there was one branch of the city government about ready for the coroner. At that the board managed to approve tentative plans for \$198,000 worth of new school buildings; to pass two committee reports despite vociferous objections from the minority; to vote through a mass of routine matters and finally to decide that the by-laws should be amended to permit of still more regular board meetings, to catch up with the volume of work that confronts the already distracted members. All things considered it was not surprising that some of the board exhibited ruffled feelings. Director Boyle was the first to exhibit signs of heat when it was proposed to deprive the grammar school pupils of the right to select and elect their own teachers. Since the death of Oberlin, Witter had moved his office to the corridor on the same floor and was called there this morning, Oberlin called to prepare the furniture for removal. The aid of the elevator boy, Oberlin called to the office and ordered to prepare some of the furniture. He says that in one desk same across three choice Havana's, and thinking that they had been taken when the office was vacated, he took one and sat back with supreme satisfaction. Witter was short-lived, for Oberlin told Witter what was going on. (Continued on Page 2, Col. 4)

Those Class Pins

The question of class pins for grammar school graduates came out of a committee report submitted by Chairman Annis Brown. It was the sense of the committee that the class pin was productive of more harm than good, at present, because many students could not afford to purchase the emblems and there was consequent humiliation. The committee proposed to have the school department adopt

And, Horrors! Vulgar Jury Trial of Colored Man Is Result

George Clarkson and Workman Fight Over Building of Decorative Pagoda

There is going to be a jury trial in exclusive Piedmont, not as the result of a civil eruption among its citizens, but over an ordinary charge and counter charge of assault and battery, all of which took place within the town's borders last Wednesday. The trouble is over the embellishment of a pagoda that was being erected by the Ricardo Avenue Improvement Club to lend attractiveness and comfort at the Ricardo Avenue street car station. Town Recorder D. Colan Craig, sitting as a magistrate last night, settled half of the controversy, when on complaint of George Washington Fagan he fined George D. Clarkson, a real estate salesman, the sum of \$100 on his pleading guilty to having struck Fagan right upon the mouth, following, it is said, several uncomplimentary remarks hurled at Clarkson during the preliminary stages of the fracas. In a setting unique in the annals of criminal procedure in Piedmont, the magistrate held sway. For a half hour the town trustees' meeting room in the new fire house and town hall was turned into a courtroom, quiet, dignified and foreboding. IN MAYOR'S CHAIR. With a hammer for a gavel, Magistrate Craig called the court to order. Seated in the same chair which at other times is occupied by his father, Hugh Craig, mayor of Piedmont, he prepared to mete out justice to the accused pair. Outside, the dogs in the pound barked and whined. "In the case of the people versus George D. Clarkson charged on a warrant sworn to on the twenty-ninth day of May in the year 1912, with assault and battery upon the person of George Fagan, what do you plead, guilty or not guilty?" replied Clarkson facing the railing. "Do you waive continuance and shall I pass judgment at this time?" "I am ready now, your honor, let it be passed." "Then I fine you \$100 on the charge as read," spoke the court. CASE AGAINST FAGAN. "George Fagan, stand up. I will now read to you the charge against

Architect Burnham, 'Father Of Skyscraper,' Is Dead

SAN FRANCISCO, June 1.—Daniel Hudson Burnham, the architect, died yesterday in Heidelberg, according to a telegram received here today by Willie Polk, an architect of this city. The telegram was from Daniel Hudson Burnham Jr. of Chicago, formerly a partner of Polk. The telegram gave no details, containing only

the statement: "Father died this morning at Heidelberg." It was known here that Burnham had gone to Heidelberg for his health several months ago, having been suffering from heart trouble. Friends here believe this affliction to have caused his death. Daniel Hudson Burnham was known as "Father of the Skyscraper," having evolved the methods of building construction which eventuated in the modern office building. He was supervising architect for the Chicago world's fair and was called upon by many American cities to formulate city beautiful plans. He designed many of the most famous buildings of the country. TRIAL TRIP LASTS ONE HOUR

Aviator Hopes to Cross the Atlantic Ocean in Airship Which Is Named "Akron"

Craft Comes Down in Wobbly Descent and Strikes Water, but Repairs Are Made

ATLANTIC CITY, N. J., June 1.—Melvin Vaniman floated his airship Akron, in which he hopes to cross the Atlantic Ocean, out of the hangar early today and after circling over the meadows and bay for nearly an hour, made a safe landing. After he had the great gas bag again safely stowed away in the shed, he expressed himself as satisfied with the test. The ship is the same one in which he made a flight over the city last fall, but has been improved. During the trip today he met with a slight accident which might have proved disastrous. Very few persons saw the flight, which was started at 6:45 a. m. Aboard, besides Vaniman, were his brother, Calvin, Chief Engineer Fred Almas, Assistant George Bourhill, Assistant Navigator Walter Guest, and Ralph Upson of Akron, one of the constructs of the ship. Vaniman had been out half an hour when the accident occurred. The dirigible had performed splendidly, answering the guiding hand of the navigator instantly. Then he tried out a new guide rope experiment. The long hawser, with a hundred-pound weight attached, was lowered and permitted to drag in the water. In some manner, Calvin Vaniman made a wrong move with the propellers. The middle blade, in the string of three, caught in the trailing rope. The huge craft lifted and came down in a wobbly descent like a bird with a broken wing. It struck the water, and a part of the understructure went under water, damaging one of the side planes. When temporary repairs had been made, the balloon went aloft once more. Vaniman had difficulty in controlling the balloon. His young brother, while the craft was 500 feet above the water, clambered out to the end of the slender propeller shaft, 20 feet from the side of the dirigible to adjust the damaged propeller. Vaniman finally had everything shipshape and after circling over the bay for a short time, pointed the ship toward the hangar and made a landing.

Legislation Against Drug-Users Urged

President Taft Calls on Congress to Take Action at Once.

WASHINGTON, June 1.—Immediate legislation to prevent the pernicious use of habit-forming drugs is urged by President Taft in a message to Congress. The message, accompanied by a report from Secretary Knox declaring that unless speedy action is taken on measures now pending in Congress, the American government may justly be accused of being half-hearted in its effort to mitigate or suppress the opium and allied evils. There are going to be hundreds of June babies in Alameda county if the marriage license records for the register of this month average with the number issued on the last day of May and today. Since yesterday noon there were thirty-three licenses to marry issued and the clerk's window at the county clerk's office was continuously busy all morning until the door closed at noon. FIVE BIRTHS FIVE. John Richard and Joan Peterson, registered at the Hotel Victoria, were the first of the June babies to be born.

WEATHER MAN TAKES PITY ON SWELTERING OAKLAND

Thermometer Records 82 Degrees, a Drop From Yesterday

Coming down! The weather man had compassion on Oakland and its surroundings after yesterday's torrid attack, and today the thermometer dropped several degrees under the soothing influence of a cool ocean breeze. At that the Chabot observatory recorded 82 degrees, one notch higher than the maximum for the entire month of June last year. Peak-a-boo wists, last year's Panamas and other incidental evidences of a hot day were in evidence, and at the refreshment parlors "frozen fairies" and others predominated. COOLER WEATHER. SAN FRANCISCO, June 1.—The cities of the bay region are enjoying much cooler weather this afternoon. Old Sol is not having everything his own way, and since 10 o'clock this morning the cooling fogs of the Pacific have been sending a cool blast over the heated surfaces and bringing a delightful draft. The highest temperature of the day was reached at 10, when the thermometer stood at 81 degrees. At 11 it was 78 and at 1 o'clock 75. Last night, was not nearly as cool as the previous evening, the mercury standing at midnight at 65. SHORTAGE IN ICE. HAYWARD, June 1.—The unprecedented heat wave in this place has caused an ice shortage. The supply at the National Ice company's depot having been exhausted. Ice is being ordered by Manager S. J. Simon by the carload. The thermometer registered 83 degrees in the sun. The cherry crop is suffering owing to the fact that the fruit is ripening faster than it can be picked, the intense heat making it hard to preserve the fruit in good condition for the market.

# PACIFIC CO. IS AWARDED CONTRACT

## City Council Acts on Bids for Lighting of Streets and Buildings

### Competition Reduces the Thoroughfare Bill From \$12,000 to \$15,000

Following a lengthy discussion between representatives of the Central Oakland Light and Power Company and the Pacific Gas and Electric Company as to which had actually presented the most advantageous bids for street lighting and the lighting of public buildings in lighting district No. 5, the city council last evening awarded the contract for the street and building lighting of the entire city to the Pacific Gas and Electric Company for the coming fiscal year. The street lighting bill is the highest item in the annual budget in the maintenance division, and for the year just closing the expenditure was over \$150,000.

Competition between the two companies reduced this lighting from \$12,000 to \$15,000 for the coming fiscal year 1912-1913 below the \$150,000 figure for the twelve months ending at the close of this month. To facilitate competitive bidding by so drawing the specifications that the newer company takes into consideration the cost of the city in which it has gained a foothold, the city was divided by City Electrician George Babcock, and individual bids asked for in each district.

#### MAKES REDUCTIONS.

The Central Oakland concern was able to enter the competition only where district No. 5 was concerned, and here the Pacific Gas and Electric made reductions in its proposals under the cost of lighting in the same territory for the previous year of about \$8000. Reductions made as a result of competition in this district for street lighting, and in the Central Oakland Light and Power Company had offered to bid that the larger concern, M. H. Gregg, manager for the Central Oakland, claimed that the award should be given his concern where it was proved that a lower bid had been entered.

Commissioner of Public Health and Safety Fred C. Turner recommended that the entire contract should be given the Pacific Gas and Electric on the ground that the small saving from awarding contract on these three items in district No. 5 would not compensate for the damage to the city's streets entailed by permitting the new company to put down additional power poles and the aesthetic damage due to permitting a forest of new light poles in this district.

#### BIG SUM IS SAVED.

"Competition appears to have saved us a considerable sum of money," declared Commissioner Anderson. "If that is so, I am in favor of encouraging competition by awarding the contract to the Central Oakland. But it will mean damaging the streets and taking away from the beauty of the district to put down additional power poles and the aesthetic damage due to permitting a forest of new light poles in this district."

#### WE MET COMPETITION WHERE IT WAS NECESSARY.

"We met competition where it was necessary," responded Attorney Charles Booth, representing the Pacific Gas and Electric. "Where there was no competition in other districts we did not have to make such great reductions, and we did not do so."

#### FRANK A. LEACH, JR., MANAGER OF THE PACIFIC GAS AND ELECTRIC FOR THE OAKLAND DISTRICT, POINTED OUT THAT THE COMPANY, IN ITS DEALINGS WITH THE CITY, WAS VOLUNTARILY REDUCING RATES FROM YEAR TO YEAR WHEN THERE WAS NO COMPETITION.

#### FOLLOW PROGRESS.

"As fast as more scientific methods and more economical equipment made it possible, the Pacific Gas and Electric, and its predecessor, the Oakland Gas Light and Heat Company, made reductions in the rates to the city. This was done voluntarily and without the pressure of competition. We are entitled to same consideration from the city on this ground. Last year we voluntarily reduced our bid so that there was a saving of \$6000. The year previous our reductions saved us \$12,000, and the year before that, \$10,000."

#### UPON THIS SHOWING AND THE RECOMMENDATION OF COMMISSIONER OF PUBLIC HEALTH AND SAFETY FRED C. TURNER, A RESOLUTION WAS PASSED AWARDED THE ENTIRE CONTRACT FOR ALL DISTRICTS, INCLUDING NO. 5, TO THE PACIFIC GAS AND ELECTRIC CO. FOR THE COMING FISCAL YEAR.

#### CONNECTIONS OF GAS AND ELECTRIC RATES, WATER RATES AND TELEPHONE RATES AND TOLLS TO BE CHARGED BY THE PUBLIC UTILITY COMMISSION TO PRIVATE CONSUMERS THROUGHOUT THE CITY IS ENGAGING THE ATTENTION OF THE CITY COUNCIL, AND SEVERAL HOURS OF THE COUNCIL MEETING WERE DEVOTED TO THE MATTER.

a uniform emblem for each school and present the pins to the scholars. This has suggested was not touched in sufficiently explicit terms to suit Harry Boyle and he rose to his feet indignantly.

"There you go," he exclaimed, "announcing the youngsters that we ought to make our friends. I haven't heard any of the parents complaining about the pins. I think it's below the dignity of this board to muddle in such matters. We're here to build school buildings, not to deprive children of the happiness of securing some trifling emblem for their school days. We've not got the right to do such things. You ought to be ashamed of yourselves. I've bought the pins for my youngsters."

"Well, you're a wealthy man," interrupted Forrest laughing.

"No, I'm not. I'm the poorest member of this board. But do you think I would stand for this?"

#### SECRETARY SUFFERS.

"Well, don't address your remarks to me," said the perspiring McClymonds. "I'm not doing this."

"Of course you are," retorted Boyle. "You are one of the committee."

"You all hang in," exclaimed McClymonds. "The board intends to buy the pins for the children."

"Now, you see," said Forrest, "we're not so bad as you think we are."

But Boyle was not sure that the board was in earnest about buying the pins and contended that the children would not have the same feeling toward the emblem anyway if they did not have the privilege of adopting the design themselves and paying for it.

The report of the elementary school committee, which provided for the selection of a design for and the purchase of pins to be worn by the grammar grade graduates was adopted. Boyle voting a vociferous "No."

#### PERISH THE GREEK.

When the board met as a high school body, Secretary McClymonds, who is also city superintendent of schools, created a mild stir by coming out flat footed in favor of abolishing Greek as an elective study in the Oakland high school. Not a single student this year elected to follow in the footsteps of Xenophon and there were not enough students to keep three teachers busy in the study of modern languages. McClymonds noted the fact that the university how made provision for teaching Greek in the first year to beginners and did not see the necessity or advisability of retaining the study in the high school.

He favored dismissing one of the three teachers in modern languages and alternating the study of Spanish and French in a three-year course. The abolition of Greek seemed inconceivable, but Forrest was in favor of it and no one offered serious objection, the matter being referred to committee.

#### SCHOOLS COST \$99,000 EACH.

The list of contracts for furnishing supplies to the Manual Training and Commercial high school, as published last week, were formally awarded.

The board also approved the preliminary plans, presented by Architect J. J. Donovan, for the proposed Dwyer and Twelfth avenue schools, each to cost \$99,000.

Before the meeting adjourned Director Bronner served notice that at the next meeting, Monday night, he would move that the by-laws be amended to permit of regular meetings of the board as often as needed to catch up with the vast amount of work confronting the school department.

#### RESIGNATIONS ACCEPTED.

The resignations were accepted of Elizabeth T. Hudson, Maud B. Sankey, Hazel E. Wilkins and Albert C. Herr of the high school faculty.

The board adopted a resolution of sympathy for Director Boyle, whose father-in-law, John Gooby, died a few days ago.

When it came to the matter of the site at Fifty-fourth and Market streets, obtained for school purposes, it developed that the city had been elipped "minor." The Santa Fe and Key Route trains which pass there every few minutes, making it impossible as a congregating place for children.

"It would be foolish, if not criminal, to build a school there," said McClymonds, and for once the "old majority" was inclined to think that was right. The board, however, has the right only to sell ground used for school purposes and this site has not been used yet. Furthermore, the land has not been paid for entirely, so that a nice problem has arisen.

The city attorney finally to submit a written opinion as to the authority of the board to sell or trade the site.

McClymonds called attention to a provision in the new state school law which declares that unless acknowledged in writing within twenty days of an appointment as a teacher, one so appointed shall be deemed to have declined the appointment. This provision is not generally known and few acknowledgments of recent appointments have been received. It was deemed now enforce such a provision, but to bring the matter to the attention of all teachers as speedily as possible.

#### JOBS MADE PERMANENT.

A resolution was adopted also providing that all teachers now holding office, or hereafter appointed, shall continue to be automatically re-elected each year until notified thirty days before that their services were no longer required.

A delegation was on hand to plead in favor of an appropriation of \$150,000 for the new school building, but the matter was passed favorably without debate and the delegation departed happy.

It developed that the remodelled Swift school would be wanted for occupancy within eleven weeks and that entered the field with rate of 6 cents the Pacific Gas and Electric Company put into effect a general rate throughout the city of 7 cents. We made this a progressive schedule, providing that the rate should be 6 cents for the second hundred, 6 cents for the third hundred, and for over four hundred a rate of 8 cents.

This reduction in rates has on a reduced our income that our electrical department this year has shown a loss of \$17,000. We see that no effort is made to reduce the rates for one year. We feel that we can increase our income in such an extent during this year that we can operate at the present rates and still then be in position to consider a further reduction. Our request is particularly for and I believe it will be granted by the council."

# DICKEY-DONOVAN FEUD ENDS; HATCHET BURIED

## Former Takes \$100,000 Contract for Completion of Longfellow School

City Architect J. J. Donovan and Architect C. W. Dickey have settled their personal differences and agreed to bury the hatchet. The two men met in Donovan's office yesterday afternoon for a peace conference and at the close of the session Dickey emerged with a \$100,000 contract under his arm for the completion of the Longfellow school.

The forces that have been supporting the city architect are inclined to regard the Donovan-Dickey pact as effectually settling the controversy over the latter's office, for Dickey was the moving spirit in the campaign to abolish the office of city architect and establish a supervising architect, who would be controlled by the entire city council. Incidentally, it was understood that Dickey would accept the new office if it were offered him.

While admitting that he has made his peace with Donovan, Dickey says he is opposed to such an office. "Yes," he said this morning, "I and Mr. Donovan have agreed to settle our personal grievances amicably and to work in harmony on the Longfellow school building. It seems that it is too late now to interfere with work that is almost finished."

"Does that mean that the whole fight is ended?" he was asked. "Well," was the reply, "I am still opposed to the office of a city architect and shall continue to oppose it, but right now Mr. Donovan has almost completed most of the work for the city and it does not seem an opportune time for action."

# 1 Bullet Makes 4 Wounds; Tight Garter Cause of 2

## FRESNO, June 1.—While cleaning his revolver in his home yesterday afternoon, R. V. Coombs, a former railroad man, accidentally shot his wife in the leg. Mrs. Coombs was wearing a tight garter and the bullet after emerging immediately over the garter tore through the flesh below it, making four wounds in all. The ball later was found in the woman's shoe by an astonished physician after he had decided on an X-ray examination. The wound is not serious.

on, and the attorney appeared upon the scene.

"What do you mean by stealing my cigars?" he demanded.

NOT DIPLOMATIC.

Now, Oberlin is old enough to have learned diplomacy, but instead of raising his eyebrows in mild astonishment, he took another puff blew the smoke out lazily and informed Witter that he was a — liar.

Then things happened, and for the next five minutes the Battle of San Juan Hill was made to sound as tame as a convention of deaf mutes. Witter scored first blood with a terrific smash to Oberlin's right eye, and followed it up with another to his antagonist's forehead. Oberlin knocked flat, but arose and grabbed the attorney by the throat. In the clinch that followed chairs and desks were upset and finally the glass door crashed into the marble corridor and the sounds of the combat permeated the building. Instantly there was a rush of stuffy stenographers, clerks, lawyers and professional men of all descriptions. They crowded into the little office until the combatants had no room left in which to combat. Thus the battle ended and Witter went back into his office to change his collar and soothe his throat and his feelings.

#### PLENTY OF GORE.

Oberlin's clothes were drenched in his own blood from a severe cut over one eye that bled profusely, and there was blood all over the floor. Assistance came from a nearby drug store in the shape of a leech and bandages. Sympathizing stenographers performed the duties of Red Cross nurses.

Neither Witter nor Oberlin expressed any intention of carrying the incident further by swearing out warrants.

Witter is a prominent attorney, while Oberlin represents the Corporation Audit and System Company. He is considerably older than the lawyer.

#### McKEE RANKIN WILL PLAY AT BROADWAY

That eminent actor of many years' fame, McKee Rankin, supported by Marguerite Drew, will be the headliner of the Broadway theater bill for the entire week beginning with this matinee. Sunday. For the first half of the week Rankin and company will present their condensed version of "Maggie." The latter half of the week Rankin will show scenes from several plays of his vast repertoire. Special scenery and elaborate settings have been especially prepared for this engagement, which promises to be one of the biggest and best acts ever attempted at any popular priced theater. Besides Rankin and company there will be the usual support of high class vaudeville and exclusive pictures. All acts except Mr. Rankin's will be changed, as usual, on Wednesday.

We recommend that the following named teachers be elected on the preferred list for the fiscal year 1912-1913, for vacancies that may occur, either by resignation or absence granted for a term or more, said teachers to be assigned by the high school committee to vacancies in the department in, in the school in the numerical order in which their names appear under the respective subjects.

It is expressly understood that a teacher who shall not have been assigned to a regular position by June 30, 1913, shall have no claim to preferment to a position in the high school or on the preferred list for the high schools of the following year.

It is further understood that teachers on this high school preferred list shall have the privilege of taking employment elsewhere, and it is not due to report for duty when called upon by the high school committee, the high school board agrees to grant such teacher leave of absence until the close of the term or year. Having been granted a leave of absence until the close of the year, said teacher of the end of the year be deemed a regular teacher of the high school department and shall be treated accordingly.

as being agreeable to the taste and healthful to the system. Everyone will admit that the food value of the cocoa bean is very high. It is good for children and grown-ups alike and when you get a can of Ghirardelli's Cocoa you can rest assured that you have the highest achievement of a master cocoa maker. Sixty years of practical cocoa making experience is in every can. Aside from its deliciousness and purity, Ghirardelli's Cocoa appeals to the thrifty housekeeper from an economical standpoint. Costs less than a cent a cup.

The Proper Way to Prepare Cocoa:  
One cup of milk and one jump sugar for each person, heated in a double boiler. In a cup or bowl mix one teaspoonful of cocoa for each person, with sufficient milk to make a thick liquid; add this to the hot milk. Lift top boiler out and boil up once. Stir well when serving—add sugar to taste.

GREAT EXPOSITION**John Hays Hammond Tells of  
Success of the 1915  
Commission.

LONDON, June 1.—John Hays Hammond, chairman of the Panama-Pacific Exposition Commission, said last night before sailing for London that he was delighted with the success of the European tour of the commission. They had been received everywhere with the greatest enthusiasm in most countries they had been received in audience by kings—in fact every country except Germany—and there the Kaiser was away.

In Austria the Emperor had questioned them at great length in regard to the Panama canal. He wanted to know how much it would shorten the various trade routes. He asked other questions which showed how thoroughly he was posted on the canal. In Italy the King was intimately interested in the scheme.

The President of France had told the commissioners that the opening of the canal was not merely an American affair. It was truly of international importance and would have beneficial effects on the whole world.

This said Hammond, was generally the spirit of appreciation shown throughout the trip of the commissioners. He added:

There is no doubt in my mind but that the European countries will participate in the exposition of 1915. I have not received official acceptance from any of them, but this was not expected as various legislative bodies are obliged to sanction appropriations before official acceptance can be dispatched through regular channels.

"The ministers of war and of navy, whom General Edwards and Rear-Admiral Stanton saw, were very encouraging in their desire to participate in the exposition."

Asked if any particular feature struck him during the trip, Hammond said he had thought that post-prandial oratory was essentially an American product, but he now believed that the Continentals have the art down fine.

"There were," he said, "speeches at breakfast, luncheon and dinner and even at supper. Our members got into the spirit of it and tried to get in and respond in the language of the country they were visiting, principally France and Germany. As speeches usually came after a good hospitable meal, grammar did not matter, so they all acquitted themselves nobly."

"From France," said Hammond, "the commissioners will go to Spain and Portugal and Northern Europe. It was agreed when I came over that I should leave at the end of May, as my private business and desire to get to Chicago for the Republican National Convention called me back. It has been a strenuous trip, but I feel in excellent shape."

MELROSE, June 1.—Miss Stella Lightner, living with Mr. and Mrs. Emma Elrod, 330 Boulevard avenue, was arrested this afternoon on a charge of insanity. Mrs. Elrod declares that Miss Lightner is in the habit of wandering away at all times of the night and not long ago started out on foot for San Jose. After considerable difficulty she was brought back by the authorities, but has several times since tried to get away again. The woman, according to Mrs. Elrod, came to the home several months ago unannounced and not having been seen by the family since she was a child in the East. Miss Lightner has a sister, Mrs. Bertha Slesinger, living in Alberta, Canada, who has been notified.

After providing the couple with the document Lowe directed them to the residence of the Rev. Alvin Treva. This young couple, however, had the sanction of their parents, their engagement having been announced some time ago.

Nobody but the principals is able to explain the motive for the early morning marriage, and last night they had not informed relatives of their whereabouts.

SAN FRANCISCO, June 1.—E. Turner, examiner of the Appraiser's office, was suspended yesterday. This Federal official is the first one who has been disciplined as a result of the scandal around the Customs House in which Charles Schreyer, customs broker for Wells-Fargo, was suspended by his company owing to the confession that he had lent \$50,000 to the collector of Customs, John M. Turner, who had made up his mind to leave the office when the investigation in the Appraiser's office.

Turner's suspension was kept as quiet as possible yesterday and Appraiser John M. Turner, Jr. would not discuss the case. It is said that Turner has been a member of the Appraiser's office since 1904.

These complaints on the part of the brokers were lodged with Collector of Customs Stratton, who immediately notified Appraiser Mutton of the fact and asked him to at once institute an investigation.

It is said Turner is only the first whose case has been investigated and a wholesale exposure will shortly be made by the special agents of the treasury department. Stratton said yesterday he did not care to discuss the case at length but he had made up his mind to leave the office when the investigation in the Appraiser's office was found to have been made up of money from Charles Schreyer or any other broker would be dismissed.

**LABORERS IN DEMAND  
THROUGHOUT NORTH**

PORTLAND, Ore., June 1.—Owing to scarcity of labor in Portland, wages advanced today from \$2 a day to \$2.25, and July 1 wages will probably advance another 25 cents a day. This new wage will affect all the railroad construction camps in Oregon, Washington, Idaho and British Columbia.

There are a number of big jobs under way in the northwest, and these are being supplied with labor principally from Portland. The laborers come into Portland from the south and east and are shipped to the various camps. At present they sign for \$2 a day, but all sorts of specialists in common labor are paid

more according to the work given them. All classes of common labor, whether plain or special, will receive an increase of 25 cents a day beginning Saturday, June 1.

Only a few months ago Portland was flooded by idle men from every section of the Coast, but now there is a scarcity of common labor in Portland. There are hundreds of men in town who are idle, but these are not seeking work, or are "floaters" who never stay on one job long.

**DARES JURIST HUSBAND

NEW YORK, June 1.—A husband may use force to keep his wife home at night, but he can not tie her up nor strap her in a chair.

This judicial doctrine was propounded yesterday by Magistrate Joseph Fitch, who presides at Flushing court, Long Island. Fitch is married and confesses that Mrs. Fitch has dared him to carry his maxims of force in his own home.

"The law has always recognized the husband as head of the home," says Fitch. "The wife is only the junior partner. It is her business to do what her husband directs and the law gives him the right forcibly to require obedience."

'DEATH TO WEEDS' CLEAN-UP DAYS HERE

Hosts of Children Carry Out Plans of City Beautiful Association.

EVERY CITY DISTRICT GETS BEAUTY TREATMENT

Clubwomen Marshal Forces in War Against Dirt and Ugliness.

"Down with the weeds," was the cry of the City Beautiful Association workers who are working on a clean-up day today. Beginning early this morning under the direction of prominent members of the association, men, women and children individually and collectively have been cutting down weeds outside the sidewalks and in the gutters at their homes and public buildings and everything is being done to make the clean-up a success.

The work of the day was carried on under the direction of Mrs. Cora E. Brown, president of the association, and Mrs. Zoe Green Radcliffe, general supervisor. The latter with other officials made a tour of the city in automobiles this morning and announced that in every part of the city detachments of the association and Junior Improvement clubs were busy. The work of the day was divided into seven divisions or wards, each in charge of a chairman. These are as follows: First, Mrs. William E. Blackburn, representing the Junior Improvement club; Second, Mrs. Nellie Nelson, representing the Oakland club; Third, Mrs. J. Spencer, representing the Federation of Mothers' clubs; Fourth, Miss Goodhue, representing the Civic League; Fifth, Miss Sarah Borland, representing the Elks club; Sixth, Mrs. Smith, representing the West Oakland Social Settlement; Seventh, Mrs. N. C. Lane, representing all the East Oakland Mothers' clubs.

Each chairman was assisted by a group of captains, in direct control over the work. They included the following: Third ward: Mrs. Charles Gross, Washington school; Mrs. Gilman, Peralta school; Mrs. J. F. King, King school; Mrs. Millie Black, Mrs. J. Mellan, Mrs. Burrows. Second ward: Mrs. W. F. Eschbacher, Mrs. E. J. Meroux, Mrs. D. L. Lane, I. MacDonald, Headquarters at Durant school; Miss Sara Nelson, secretary.

Third ward: Miss Titcomb, Jones and Telegraph; Mrs. E. Trowbridge, Eighteenth and Market; Mrs. Damianski, Twentieth and San Pablo. Chairman at 1419 Brush. Miss C. A. Goodhue, chairman of the fourth ward, with headquarters at the high school, Grove-street entrance. Seventh ward: Mrs. Ida Parker, Garfield school; Mrs. Wolfenden, Dennison school; Mrs. Wright, Waverly school; Mrs. Wilson, Elmhurst school; Mrs. O'Leary, Lockwood school.

Mr. Bacon, director of the Tompkins school, said the Tompkins school of the Social Settlement and Tompkins school children.

The response to the movement was very gratifying, Mrs. Radcliffe said this afternoon, and showed the proper civic pride. In addition to the high school, about the school buildings and similar places, we saw many private houses where work was under way.

Throughout the remainder of the afternoon, other officials and workers will continue at the clean-up, including their work this evening late.

FIGHT ENDED BY MURDER OF TWO

Woman Beaten to Death With Hammer; Man Is Shot.

SEATTLE, June 1.—Mrs. Effie Larson, 40 years of age, was beaten to death with a carpenter's hammer; George Felton, 26 years old, was shot to death, and Joseph Miller, 35 years old, is in jail charged with the murder of the woman. The bodies of Mrs. Larson and Felton Wednesday night were found by the attention of Mrs. Larson. Mrs. Larson, who conducts a lodging house at 719 Marion street and another at Eighth avenue and Pike, was killed some time during the day at the Marion street establishment, but her body was not found until last night, when a lodger became alarmed at her non-appearance and forced his way into her room. Felton, who was a magazine agent, was shot by Miller as he sat at the head of the bed of the stairs at the Pike-street house, conducted by Mrs. Larson, and at which Miller was employed. Miller fled after killing Felton, but was arrested half an hour later at First avenue and Marion street. Miller was intoxicated and asserted that both Mrs. Larson and Felton had threatened to poison him.

VICTIM WAS DIVORCEE.

Mrs. Larson, who was divorced from Edward Larson and a sister, Susette H. Murphy, in Kansas City, and Felton's mother is a clear dealer in Milwaukee.

Trouble between Felton and Miller had been brewing for some time, Miller, according to attention he believed Felton was paying to Mrs. Larson. Wednesday Miller cut Felton with a pair of scissors cutting him severely. Both were arrested and in the police court today Miller asserted his life which had been supplied by Mrs. Larson.

Mrs. Larson was in court when the case was called, and was evidently charged by Miller's attorney to keep the money she had deposited to secure his release.

She went directly from the police court to the Marion-street house, where she waited for Miller, who soon appeared. The bodies of the woman and Felton were found in the room where Mrs. Larson's body was found, but there was nothing to indicate that the woman was in danger.

TENTATIVE PLANS FOR TWO NEW SCHOOL BUILDINGS APPROVED MISSION STYLE OF ARCHITECTURE TO BE USED THROUGHOUT

DESIGN FOR THE PROPOSED NEW DEWEY SCHOOL AS IT WILL APPEAR WHEN COMPLETED. BELOW IS THE COLLEGE AVENUE SCHOOL.

Light and Ventilation Are Taken Care of in Big Structures

Tentative plans for two of the fourteen new school buildings for which bonds were voted at the recent bond election, were approved last night by the board of education. The drawings were by City Architect J. J. Donovan and were for the Dewey school, Carrington street, between Thirtieth and Fortieth avenue, and for the College avenue school, at Shafter and Birch avenue, each to cost \$99,000.

The two schools are to be built by units, that is the plans adopted last night, while representing complete buildings, are so arranged that substantial additions can be made at a later date and still constitute a harmonious whole.

Members of the board expressed themselves last night as well pleased with the general style of the new buildings which carry out the California Mission architecture and represent the latest cry in light and ventilation.

DOUBLE PLAYGROUNDS.

The proposed Dewey school is a one-story rectangular structure, with open loggia corridors, and when completed will occupy practically the entire site, double playgrounds being provided in the great courtyard. The structure will be cement covered concrete and hollow tile blocks. All rooms open on the east and west, affording the best possible light, and are convertible into open air classrooms by use of windows of the Simplex type extending from eighteen inches above the floor to within six inches of the ceiling. Cross ventilation along the corridors is provided by high pivoted windows.

The Assembly Hall, club room and public library form a separate group at the northeast corner, with the administration rooms at the northeast corner. The training and kindergarten department occupies the southeast corner. The first unit, representing one-half of the drawing pictured above, contains eleven class rooms. The completed building will consist of nineteen. Some of the residents in the district were in favor of a two-story structure, but the fact that the Donovan idea represents an earthquake building, can be built quickly, and at a cost eight cents per cubic foot cheaper than a two-story steel structure, won over the board.

LOT PECULIARLY SHAPED.

The College avenue school, at Shafter and Birch represents the fourth set of plans, as the lot is of peculiar shape and affords no great scope of treatment. The plans call for a one-story structure of plastered concrete and brick trimmings. The dominating feature is the central assembly hall with a seating capacity of 400, lighted by clear story windows. There will be twelve class rooms in the first unit, including manual training, kindergarten, neighborhood rooms and the most vital department.

QUIETS HORSES WITH SONG; THEN SHOES THEM

REDWOOD PALM, Minn., June 1.—Frank Salomon, a local blacksmith, is rapidly gaining attention as the "shoer of fractious horses in Redwood county." We do not see a strap and upon to lead the ill-tempered animal while he performs his work. Instead he quietly sings a song, and the horse becomes calm, which has a hypnotic influence upon the animal. The horses from all parts of the county are brought to this section to be shod. It is said that nothing has potent influence to produce artificial sleep of an animal, but cannot hypnotize a horse.

COLONEL NEW PREPARES TO RECEIVE COMMITTEE Ticket Tempest Little in Evidence Today and Storm Subsides

CHICAGO, June 1.—Chairman Harry S. New of the sub-committee of the Republican national convention, and his aids, were busy today preparing for the arrival of the national committee and the representatives of contesting delegations who are due next week.

Secretary Raymond returned from his Eastern trip and plunged into the work of tabulating credentials and contests preparatory to the hearing which will begin June 6 before the national committee to determine the temporary roll call of the convention.

Congressman William E. McKinley and Charles D. Hillis are expected Monday and will open the Taft national headquarters. Senator Joseph M. Dixon, campaign manager for the Roosevelt forces, also is to arrive early in the week and will open headquarters.

Senator La Follette and Senator Cummins, each of whom has delegates instructed for him in the convention, have arranged for headquarters during the convention week.

STORM SUBSIDES.

The storm over the allotment of tickets brought about by the refusal of Chairman New to honor the request of Senator Dixon for 250 tickets, was little in evidence today.

"The ticket incident is closed," said Colonel New. "I have nothing more to say about it."

Policemen who have watched the "ticket tempest" were inclined to believe the national committee would sustain the contention of Colonel New that the managers of the different candidates would not be recognized as entitled to blocks of seats.

Forrest Stillitt of Anderson, Ind., one of the state Roosevelt managers, conferred with Colonel New and declared that the Roosevelt delegates from Indiana would be seated.

CUMMINGS IS WAITING.

DES MOINES, Ia., June 1.—The question of who is to place me in nomination before the national convention at Chicago has not been decided. It may not be necessary. We are waiting to see how the presidential situation turns out.

This was the significant statement of Senator Albert B. Cummins to the Associated Press today in answer to a question as to who is to present his name before the Chicago convention.

Senator Cummins, who is here to address a mass meeting tonight on behalf of presenting his name to the Republican convention probably would be decided within the next week.

CLARK VICTORIOUS.

PROVIDENCE, R. I., June 1.—Revised complete returns from the first Democratic presidential primary in Rhode Island, show that Speaker Champ Clark, candidate for the Democratic nomination for President, and National Committeeman George W. Green, candidate for re-election, have been victorious. Clark received 67 votes to 133 for Governor Wilson and 728 for Harmon. The delegates to the Baltimore convention will support Speaker Clark on at least one ballot.

SENATOR WILL DIVIDE.

TANKTON, S. D., June 1.—Speaker Charles A. Ingram of Wisconsin spoke here today in furtherance of Senator La Follette's presidential candidacy. He said that whether La Follette is nominated or not, the Senator will divide a large part of the platform.

"I believe Senator La Follette will hold the balance of power in the convention," said the speaker. "Neither Taft nor Roosevelt can be safely nominated without the strength and support of the La Follette delegates. From the way sentiment in favor of progressives is growing we will be able to dictate a large part of the Chicago platform and once that platform gets before the convention the delegates will see that there is no one able to fit the platform but La Follette."

WOODMEN TO PAY TRIBUTE TO DEAD DETECTIVE CONLAN DEPRIVED OF RANK

Following the custom established some years ago, the Alameda county Woodmen of the World will join in the annual memorial service tomorrow afternoon in Mountain View cemetery. Members of the Alameda county executive committee will conduct the ceremonies, which will be of an impressive nature. The representatives of the order who are arranging the program include R. C. Voce of Alpha camp, C. H. Harvey of Oakland camp, W. H. Morrison of Forest camp and D. P. Souder.

The officers of the day will be: H. M. Hayward of Peralta camp, master of ceremonies; A. D. Hughes of Spruce camp, comm. commander; Spencer Brown, adj. commander; E. B. Holliday, Cerrito camp, banker; E. H. Gracie, Scott; W. A. Edwards, Wedgewood camp, watchman; G. T. Smith of Alpha camp, reader of poem; J. A. Bonds, Oakland camp, orator of the day.

The members of the various camps are requested to assemble at the cemetery gates at 2 o'clock, and from that point they will march to the plot. The individual camps will unveil monuments in the morning and in the afternoon the ritualistic services will be carried out at a plot to be selected by the order. There another monument will be unveiled with impressive ceremonies. During the services a quartet will sing a number of selections which will conform with the ritualistic teachings. The order of the Woodmen of the World is one of the largest fraternal organizations in California and has in its personnel influential citizens who are leaders in the industrial and commercial world.

JURY TRIAL TO FOLLOW FIGHT

Charges and Counter Charges Made by Resident of Piedmont.

(Continued from Page 1.)

Your name," continued the magistrate, as he proceeded to read a similar declaration which accused Fagan also of committing assault and battery upon the person of one George D. Clarken.

"George Fagan, what do you plead, guilty or not guilty?"

"Not guilty, suh, not guilty," replied the defendant. "Ah would request, suh, fo' a jury trial."

The magistrate figured in his chair, he charged him with assault and battery upon the person of one George D. Clarken. In an ante-room Marshall John Rose went into convulsions of smothered laughter as he held aloft to the gaze of plaintiff Clarken, a small sized boulder which defendant is alleged to have forcefully directed toward plaintiff, head of the said plaintiff made speech difficult for him, the cobblesone being held as evidence.

CALLS IN MARSHAL.

"Oh, Johnnie, come on in here," called the magistrate, feeling helpless against the unlooked-for development of the case. Then things were quiet again while magistrate and marshal put their heads together in consultation.

Owing to years of experience as peace officer in Piedmont, Marshall Rose had acquired a sufficient amount of jurisprudence to qualify as an adviser and between the two the next step was determined upon.

"How will it be if we continue the case until next Monday night so that the marshal may summon a venire. Will that be satisfactory to the defendant?"

"Ah expect ma lawyah will be heah. He tol' me to plead not guilty and to ast fo' a jury, so Ah done it."

After consultation it was decided to continue the proceedings until Saturday night, June 11, at 8 o'clock and in the meantime Marshall Rose will be busy getting his venire of twenty-six men from which the jury will be selected.

HOW FIGHT WAS WAGED.

Plaintiff Clarken announced that he would call two witnesses, R. M. Powe, of 2323 Broadway, Oakland, and Paul Paulsen, an employee of the water company, both of whom looked on during the set-to between himself and Fagan which happened something in this way:

Clarken, as a member of the Ricardo Avenue Improvement Club, was overseeing some painting and repairing that was being done by Fagan at the Ricardo station. Wednesday Clarken visited the job and told the contractor that he was not doing it to the satisfaction of the club members, including himself.

Fagan accused him of being the only dissatisfied member and insisted positively that there were no others who felt the same way. The improvement-overseer resented Fagan's remarks and landed a straight arm to the jaw, collapsing the cobblerman, who was waving in height. This procedure was repeated. Being unable to emulate the athletic accomplishments of Jack Johnson, Fagan resorted to cobblesones, picked up from the street car track.

One of them, well directed, was waved off by Clarken with considerable pain to his right hand. Further threats made against his personal safety induced him to place his antagonist under restraint by arrest.

FAGAN ALSO COMPLAINED.

When he was taken before the magistrate, Fagan swore to a counter charge against Clarken and both were released upon \$10 bail. That's how it happens that there is going to be a jury trial in Piedmont. The procedure will be a precedent in the history of Piedmont, where in the past the chief of district, who was found in contradictory opinions as to the location of the new town hall and fire house, the color of roadways and pavements or the decorative effects for the new concrete span over Pleasant Valley jurisdiction in school matters between the Highlanders and the Lowlanders.

DIRECT SHIPMENTS PROVE A SUCCESS

Freight From This Port for the North and South Is Increasing.

The steam schooner Lakme this morning took a berth at the Sunset Lumber Company's wharf. The vessel is loading several tons of local freight for northern shipment. According to the officials of the Charles Nelson company, the inauguration of the direct shipment of freight and merchandise from this port for the north and south is proving successful. At present the outgoing freight from this side is rather light but it is expected that the business will soon increase. The Lakme sails today for Puget Sound ports.

Bringing the first shipment of dredge pipe to be used in the deepening of the western waterfront, the steam schooner South Bay arrived here yesterday from San Pedro. The vessel is in charge of Captain Nykran, who reports having witnessed the burning of the 255,000 dollar Oakland in San Pedro.

The Pacific Coast freight and passenger steamer City of Topoka, Captain Gleason, completed her lumber discharge at Long wharf yesterday and shifted over to the San Francisco side. She came from Burma.

CAFE PROPRIETORS CENSURE HOPKINS AND HIS DIV Declare License Should Be Taken Away From Him by City Council

"Billy Hopkins is no good, and he ought to be put out of business. His license should be taken away from him. He has a bad record, and everybody knows it. Not only in Oakland, but in San Francisco, he has a record."

That is the way that one well-known cafe proprietor characterized "Billy" Hopkins, who operates the dive known as the Hoffman Grill and Cafe at 423 Seventh street, and who is under bond for his appearance in the criminal department of the Superior Court Monday on a charge of grand larceny.

"Hopple" has put the cafe business in jeopardy by his too legitimate business conducted all lines is in peril before the city ment. That is the summing up situation made by the other cafe proprietors.

Tonight will be the big bust for "Hopple." If the usual Saturday crowd of roustabouts fills his dive, he will be in all probability the scene of sordid debauchery, where painted women and their male consorts make night hideous with their bawling revelry.

Hotel Burns; Three Are Believed to Have Perished

NOGALES, Ariz., June 1.—The Hotel Modern, Escondido Cafe and La Moderna at Nogales, Sonora, were destroyed by fire at midnight and three lives are believed to have been lost. A woman employed in the hotel as chambermaid, and her two daughters, are missing, and they are believed to have perished. A traveling man jumped from a window and was picked up with a broken leg. The baby daughter of the Escondido was tossed from a second story window and was caught by persons standing below. Many guests, clad only in their night clothes, were rescued.

MAMMOTH TROUT YARN REELED OFF

BUTTE, Mont., June 1.—What is said to be the largest trout caught in Montana streams was received at the Oregon Short Line ticket office from J. W. Scott, proprietor of the hotel at Butte. It weighed 15 pounds and 8 ounces. From tip of tail to mouth it measured nearly three feet in length, a yardstick extending an inch at each end when laid beside the catch.

When it was measured Ticket Agent Wolfe judged that a foot tape line would measure the circumference. It wasn't long enough. It was 16 inches around the fish, measuring over the back fins.

The fish was dressed and when reweighed in Butte tipped the scales at 12 pounds.

Scott, who is some fisherman in his section of the country, had a hard time landing the specimen, and was several hours at the job. The catch was made in the Horse Prairie creek Friday afternoon. Scott had made several other catches and was about to go to the hotel with the string when the big one started to run with the line.

IRATE HUSBAND CHEWED HIS EAR

PORTLAND, Or., June 1.—On complaint of Seneca Fouts, one of the most widely known attorneys in Portland, Marjorie Fouts, his wife, and C. A. Evans, a plumber, 31 years old, were lodged in the city jail this morning. Evans bore bruises about the head and face and the top of one of his ears is missing. He asserts that Fouts administered the blows and chewed his ear while Evans was in the hands of the police.

The arrests are said to be the result of some weeks of personal investigation by Fouts, who has been estranged from his wife for some time.

—ST. LOUIS TIMES

It is estimated that more than 10,000 persons visited the festival last year, all of whom returned to their homes with an abiding admiration for the situation and climate that could produce the wherewithal for such a spectacle of plenty. Tons of cherries are given away annually during the festival week.

These occurrences are, indeed, as have said, highly suggestive of the principle that a certain element of savagery lies latent in even the enlightened and refined civilization, and is capable of bursting forth on occasion and after a long period in just the very places where it is most incongruous. Hugo's "The Hunchback of Notre Dame" is sufficiently true to history to remind us that at the very time Paris was the light of the Continent was also the scene of organized outbursts of organized savagery, and in Europe, London in particular, was a great center of legal and intellectual authority, but it was also the habitat of the notorious "Mohawks." Paris is today infested with "Arabians" and New York has its "gangs" of organized savagery and criminality. The day of probably inevitable—New Tribune.

## EBELL CLUB ENDS ACTIVITIES OF YEAR.

The Ebell Club closed its activities for the year in a blaze of glory, over 600 guests being present at the reception. It was in one sense a closing affair, but in another way, the beginning of a new era, for it was the first time the new president, Mrs. A. C. Posey, presided at a large club reception. And the dignified and charming manner in which she presided, and the exceedingly able way in which she entertained so great a crowd, gives promise of an admirable club administration in the season to come. One knows that the club affairs will be arranged along unusual lines, very original and interesting ones, and one is quite sure that the Ebell Club will lead the way in the line of clubs in the coming year. For Mrs. A. C. Posey is exceedingly able, and she has a specially fine vice-president in attractive and helpful Mrs. Charles Leonard Smith.

The announcement that Mabel Riegelman, the successful young prima donna of the Chicago Grand Opera Company, was to sing was the means of completely filling the house long before the hour announced for the program, and many stood during

call fame. She planned an exquisitely beautiful program for her Ebell recital, and it was greatly appreciated. It was good to see the great enthusiasm it awakened, and the hearty rounds of applause brought encores from the charming young singer. And what a voice she has, soaring away up in the high notes, with scarcely any effort at all. There was a splendid climax when she sang "The Year's at the Spring," ending in that superb burst of triumphant song:

"God's in His Heaven,  
"All's right with the world."

## HANDSOME GOWNS ARE IN EVIDENCE.

Miss Reigelman wore a very artistic New York gown, in deep coral, with a tunic overdress in pale gray, with beaded fringe. A most effective hat, also in coral tones, matched the gown, making one of the most effective costumes of the spring.

Handsome gowns were seen everywhere, as might be expected in this gathering of 600 prominent people, and among the many attractive ones of the afternoon were those worn by:

Mrs. Lawson Adams is a young matron who has many friends in society on both sides of the bay. She recently gave one of the most delightfully planned affairs of the season in San Francisco, to which a large number of prominent Oaklanders were bidden.

## MOE GADSKI IN ANOTHER ROLE.

President and Mrs. Taft were present at the great music festival at Cincinnati, reports of which have gone all over the world. One of the paragraphs gives us a charming glimpse of Madame Gadski, of her daughter, Lotta Tauscher, and of Mabel Riegelman.

"One of the most attractive figures seen at the festival was Miss Lotta Tauscher, who is Madame Gadski's daughter. This delightful young girl, with her youthful charm and grace of manner, was seen at luncheon, wearing a large picture hat. The name of the milliner was begged. 'Oh,' said Miss Tauscher, 'necessitated a much more advantageous contract.'

Berlin, sometimes New York, now and again Cincinnati, and quite frequently Chicago."

"Well, she must be a traveling artist," said the visitor.

"She is," replied Miss Tauscher; "she's my mother." And so was learned another of Madame Gadski's artistic pursuits. Most of her time in her drawing-room on trains is passed in doing the beautiful embroidery and other needlework seen on various dresses and hats worn by her daughter. Both mother and daughter have many devoted friends, for they go out of their way to do things for people. Madame Gadski has aided many young artists, and the least of them being the splendidly talented young singing actress, Mabel Riegelman. Miss Riegelman made one of the individual successes of the Chicago Grand Opera Company, and is regarded as one of the most promising artists on the operatic stage. Voice, hard work and Madame Gadski have brought her conspicuously before the public, and for next year she had re-

ceived a much more advantageous contract."

## MISS ELSE SCHILLING IS VISITOR HERE.

Miss Else Schilling came up from Redwood City this week, and spent some time here as the guest of Miss Rose Kales. Both of the young girls looked exceedingly well at the wedding of Miss Bowles and Mr. Hiram Johnson Jr.

## RECTOR-BRIGHAM WEDDING DELIGHTFUL.

One of the most delightful weddings of the week was that of Miss Gladys Brigham and Mr. Rector, which took place on Wednesday at "Greenbank," the Brigham home in Los Gatos. While the Brighams have been away from Oakland for some time now, their dearest friends are here, since the Brighams and Alexanders represent old pioneer families in our city. Mrs. Johnson (Reulah Brigham) and her sister both went to the high school, and they grew up with the

other girls of the lakeside neighborhood, making true friends among their associates.

The wedding was planned along very delightful lines, after the custom of the early summer rested on the lovely home of the Brighams at Los Gatos. Only the intimate friends of the Brighams were present, among them Mr. and Mrs. Robert Knight, who are old-time neighbors of the Brighams on Oak street, and who are now their neighbors at Los Gatos.

The bride, who is a very lovable, sweet and most charming girl, was a lovely study in a wedding gown of white satin, beautifully trimmed in lace.

Her maid of honor was her sister, Mrs. Eugene Johnston, who wore a lovely costume in pink color tones. The gown, of white chiffon, was beautifully hand-embroidered in pink, and Mrs. Johnston carried a lovely bouquet of pink bride-maid roses.

Mr. and Mrs. Rector are enjoying a wedding trip through Southern California, and they are planning to establish their permanent home in San

Francisco, where Mr. Rector has business interests.

Mr. and Mrs. Eugene Johnston have a very delightful home in Los Angeles, and Mrs. Johnston is to be the guest of friends in this city before returning to her home in the south.

## TO SPEND SUMMER AT SHASTA SPRINGS.

Mr. and Mrs. R. G. Brown with their daughters Mrs. Lillian Everts and Miss Florine Brown, will leave for Shasta Springs about the middle of June. They have a cottage there every year, and are most enthusiastic over the restful summer they enjoy in the high Sierra.

No one deserves the rest more than Mrs. Everts, whose able management has given dignity to our Woman's Exchange, and whose generous, sympathetic interest in the affairs of the women who work for the exchange has made her well-loved by the many. We have grown to be very proud of our Woman's Exchange, and the helping hand it gives us in our homes is above praise.

Mrs. Clay and Miss Madeline Clay will also be at Shasta Springs this summer, and they are planning to close their Fruitvale home in the near future.

Mrs. Prentiss Cobb Hale has a cottage at Shasta Springs, in which she entertains many guests each summer.

## POPULAR GIRLS ANNOUNCE ENGAGEMENTS.

Two very prominent and very popular girls have announced their engagements this week, Miss May Coogan and Miss Marian Miller having both told the interesting news in dainty notes to their friends. Miss Coogan announces her engagement to Mr. John Donovan, the architect, who came to Oakland a year ago to take charge of the many new buildings planned by our city authorities.

The Coogans have lived in Oakland so many years and have been so deeply identified with the history of the city that they represent one of the most prominent families. Mr. and Mrs. Coogan are both personally very popular. Mr. Coogan is one of the most prominent lawyers of the state, able, fearless and honorable, and of that genial disposition which makes and keeps friends. Mrs. Coogan belongs to many helpful organizations in our city, and she is a very charming homemaker, welcoming in a most cordial fashion all the friends of the family, so that Miss Coogan has been in the heart of a most ideal home.

Perhaps none of the young girls here have as many friends as Miss May Coogan, for she is so very loyal herself, so sweet and unspoiled, and so happy-hearted, that her friends are very fond of her. She has a voice that might very well be heard on the concert stage, and she is most generous in singing for charity or for her friends.

The Coogans have always entertained so extensively that there will be much entertainment for this popular daughter of the family when her friends return from their summer vacations. It is understood that the wedding of Mr. Donovan and Miss Coogan will take place in the early autumn, and it will be one of the most important social dates of the early season.

## MISS MARIAN MILLER TO BE FORD'S BRIDE.

Miss Marian Miller, who returned from the East this week, has announced her engagement to Edward Ford, who is the son of Mr. and Mrs. Alfred Ford of San Francisco, and a nephew of Mrs. George Moore. The Fords are well-known in social and financial circles across the bay.

Miss Marian is a daughter of C. O. G. Miller, and her mother was the late Bernice Tucker McNeer, one of the beautiful young matrons of a few years ago.

Miss Miller is regarded as one of the most beautiful girls across the bay. She is of the stunning tall and very stately, with superb coloring, and she has such cordial, unaffected manners, that she is most popular.

It is understood that the wedding is still a year off; nevertheless, much will be done in the meantime, in the way of complimentary affairs for Miss Miller. There are many relatives in attendance for her, as the family connection is a large one, and all the aunts and cousins are exceedingly fond of her.

## BRITTONS WEDDING AT WILLOW PARK.

Mr. and Mrs. John A. Britton have given up the apartments in San Francisco, in which they have lived the past months, and are now established in their new home in Willow Park, near San Mateo. It is understood that they are planning to establish their permanent home in San

entire time. But, indeed, one might endure many discomforts in order to hear Mabel Riegelman sing. She has been very sweet and charming to the Oakland people, among whom her early girlhood days were spent, singing for them most cheerfully and with all her heart. She never seems to remember that for the same program she gives us hundreds of dollars have been paid in the millionaire homes of Long Island.

She is just at home, resting in vacation day; and in these days many people have come to know and love Mabel Riegelman, the charming little unspoiled girl, who has climbed so long way up the ladder that men

Miss Winte Perkins, whose picture appears in tonight's Meddler, is the attractive fiancée of Bruce F. Maiden, a well-known young business man of this city, with a host of friends here.

Miss Zaiden Marsh is another bride-elect of the fortnight. She is betrothed to Herbert B. Adams, son of J. M. Adams, a prominent local family, and a nephew of Mrs. George B. Waddell. POUR LIQUORS  
INTO SEWER

## Berkeley Police Destroy Accumulation of Years Worth Over Thousand.

**BERKELEY, June 1.**—Wines and liquors to the value of \$1000 and over, the accumulation of many a raid by the police on "blind pigs" and of many bits of evidence, were poured unceremoniously down the sewer of the city hall this morning. Alvin Church, leader of the city hall and a leader in the local temperance movement, did the pouring. He disposed of numerous bottles, kegs and demijohns of the following:

Beer, gin, brandy, ale, port, rum, claret, cider, port, sherry, rock and rye, bourbon whiskey, rye whiskey, and sinche, bitters.

Church appeared at the city hall at 1 o'clock this morning, armed with a permit from Chief Vollmer. It took him just two hours to dispose of the liquors, and covering a vent pipe in the city hall sewer to accomplish his task.

Some of the liquor had lain at the city hall for nearly four years, since an early anti-saloon law that the present was in effect. It was in all sorts of bottles and containers, the chief from better 300 quarts of beer. Its market value estimated to be about \$1100.

Plans for a municipal natatorium to be built in Peralta park, near the new auditorium building, and to cost in the neighborhood of \$25,000, were presented to the progress and prosperity committee of the Chamber of Commerce at a meeting last night. Professor W. L. Forbes, head of the department of zoology of the high school and organizer of the project, addressed the committee on the matter and asked its endorsement. His scheme was referred to the executive committee of the body, to be investigated and reported upon at its next meeting.

Last night's meeting of the committee was the last regular one of the summer. Members declared in favor of a vacation to convene again at any time at the discretion of the chair, W. A. Wann.

The members were asked to lend their aid to the efforts of the Alameda County Civic association and Alameda County Tax association, which will continue their meetings throughout the summer and will work for the readjustment of assessed valuations and other civic improvements.

Young Woman Killed in Odd  
Manner Laid to French

PHILADELPHIA, June 1.—High-heeled shoes were the cause of an injury that resulted yesterday in the death of Ann Donohue, 23 years old, a servant in the home of Mrs. Thomas Hall, at Colwyn. The girl's back was broken in a fall down a flight of steps and she died in the Presbyterian Hospital.

Unaccustomed to the high heels, she wore the shoes around the Hall home with the intention of "breaking them in."

head of the stairway her ankle turn on the treacherous heel. Before she could grasp the banister for support she pitched forward and fell headlong down the steps.

A nearby examination convinced him that the young woman's spine had been fractured, and he summoned the ambulance.

At the hospital Miss Donohue was placed on an air mattress, and everything was done to alleviate her suffering. From the first it was apparent she could not live, and shortly after being admitted to the hospital she lapsed into unconsciousness.

## Oaks Overcome Great Odds and Win Nerve-Racking Game From Hooligans

### CHARLEY MILLER GETS RANK DECISION IN ELDER BOUT

Motorman Beats the Co-called White Hope a City Block; Referee Blind.

So-called White Hope Soldier Elder carried a horseshoe into the ring at Dreamland Rink with him last night and that horseshoe stuck with him throughout the ten rounds that he milled with big Charley Miller. Sizing up the "fight" from the angle of the game it was nothing to set the world on fire from Elder's point of view, and when the referee called the bout a draw he rendered one of those rank decisions for which he is famous, for Miller beat Elder, and beat him in every round that they milled.

While it might be far-fetched the matter, it looks funny for the fellow who runs the fight club to pick the referee and to have members of his stable of fighters working in the ring. Anyway, every fan in the house who was fairly minded knew that Miller won and won handsily, so Elder doesn't gain anything by being given a draw.

There was another of those famous decisions of this referee in the Carroll-Rochie mill. Carroll has slipped and a whole lot at that, but his guinness was enough to win a city block from Rochie, another member of the stable, but the best Carroll got was a draw, when he should have proclaimed the winner without a shadow of a doubt.

Red Watson was declared a winner over Abe Label after eight rounds of mulling, because the referee landed a K. O. punch. This mill didn't set the world on fire and Watson didn't have to land the K. O., for he, too, came from the stable.

Barney Richter, who will show at the wheelmen's carnival next Wednesday night at Piedmont pavilion, beat Batling Jansen and he did it in a style that insures the fans a good mill when he mixes with Jimmy Eitten.

In the curtain raiser Johnny Murphy and Eddie Martin boxed a six-round draw. Eddie Hanlon was referee of all the bouts.

### BLANKENSHIP SEEKS DICK MOORE FOR MISSOULA

When Cliff Blankenship was here last winter, he saw in Dick Moore, at that time the popular backstop of the American Rubber Company of Berkeley, a comer, and accordingly signed him up to play with the Missoula team. But influence was used and Roberts, the last season's catcher, was retained and Moore was turned loose. It wasn't long, however, until Blankenship saw his mistake, and the following telegram was sent to Moore: "April 27, 1912. Dick Moore, Chico, Cal. Will you report to me at Missoula, Mont. May 4, 1912. Dick Moore, Chico, Cal. Am sending transportation. Meet me Ogden Monday. Give me transportation both ways. Blankenship." But Moore is settled in Chico, battling over 350, and the Chico fans won't let him go.

### TRIBUNE PLAYERS TO OPEN BALL SEASON TOMORROW

Tomorrow the Oakland Tribune ball team will play their first game of the season with the Port McDowell team at Port McDowell. Halloran, who will play third base for the Tribunes and also captain the team, has gathered a good team, which should put a good game against the fast soldier team. The following will be the line-up for the Tribunes: Pitcher, Vann; second base, Lloyd; shortstop, Halloran; third base, Crosby; left field, Lydvardt; right field, Sternbeck; center field.

LITTLE ROCK, Ark., June 1.—A detachment of militia and a squad of deputies under the direct command of Governor Donaghey stopped a scheduled prize fight match here last night. The Governor has announced there would be no boxing in Arkansas.

### WOLGAST HOLDS HIS OWN WITH YOUNG O'BRIEN

PHILADELPHIA, June 1.—Champion Ad Wolgast and Young Jack O'Brien fought a fast six-round bout before the Athletic Athletic club last night, and at the end the advantage, if any, was with the champion. O'Brien was the cleverer, but his blows lacked force, while those of Wolgast made the Philadelphia boy wince when they landed, and on the second round Wolgast dropped O'Brien for the count of nine, but the blow did not stop the youngster's speed, which at times dazzled Wolgast.

### MONARCHS SHOW SKILL AGAINST AZORE GREYS

In a fast ten-inning exhibition of up-hill baseball yesterday afternoon the Azore Greys lost their first game of the season to the newly organized Monarchs to the tune of 8 to 5. Superb pitching on the part of Southpaw Perry was mainly responsible for the defeat of the fast Azore Greys. Next Sunday the Monarchs will bat with the Redskins of San Francisco at the Vander Naillen grounds, commencing at 2:30 p. m.

### DESPITE MANY OBSTACLES OAKS WIN FROM HOOLIGANS

With Two Out and Two On, Gus Helling Poles Single That Brings In Winning Runs; 'Twas a Great One

Oakland 6, Vernon 5.

All Hail Gus Helling. Then go right down the line and give a noisy hip, hip hooray, to all the rest of the Oaks, for after battling twelve nerve-racking innings against big odds these sturdy Oaks overcame a one-run lead in the very last of that twelfth inning, for two were down and won out by a score of 6 to 5. From tap of gong at 3 p. m. sharp until ten minutes to six it was scrap-py, fighting baseball between the Oaks and Hooligans and the finish of that game was most spectacular.

It was four all when Johnny Kane meandered to the rubber in the Hooligans' turn with the willow in that twelfth inning and a wave of gloom settled over the Oakland fans when he crossed the rubber after having hit the ball into the far left field bleachers for a four-sacker.

From all sides came the cheers of the Hooligans, while the Clappies and his striped beauties were doing the glad acts around the bench. Then came the Oaks for the last grand rally and they made a good thing of it. Dolly Gray had been sent to the relief of Castleton because Hogan thought McDonnell was a better pitcher than Hooligans' Boy. But he wasn't, for in the pinch he fanned. Still, that's not the tale. All dwell mostly on that comeback stunt of the Oaks.

There was Jimmy Frick at third and Bill Leard at second. One of those runs meant another chance for the Oaks, while the two meant the game.

Up walks Helling. Our great third sacker, the best in all the league, is one of those peppy, fiery ball players that never knows when the word quit means. Like a warrior he held the enemy cool and determined. Hogan chafed and kidded from the bench and cries of decision came from the crowd. That he was there, and the game was over.

It was a great finish to a great ball game, and the proof was there that the Oaks and Oakland are the class of the league. Here's the score:

## PRICES OF WHEAT ON THE TOBOGGAN

General Rains Over Two States. Have a Bad Effect in the Pit.

CHICAGO, June 1.—General rains over most of Kansas and Nebraska, which wheat prices today, the bears also were favored by signs that Texas and Oklahoma crops would be harvested in high condition. A forecast of heavy rains in the latter part of the week acted to lower the price. Opening prices were 1.00 1/2, a drop of 1/4 to 1/2, and declined to 1.00 1/4. Lightness of offerings helped sustain the market. Later, however, sales increased in volume and price rose with wheat. July opened 1/4 to 1/2 at 1.00 1/4, and declined to 1.00 1/4.

Simplest orders, however, carried the market to 1.00 1/4. The close was unsettled, with July 1/4 to 1/2 at 1.00 1/4. Although country trading declined at the close, the weakness of other grades proved more than could be withstood. July started at 1.00 1/4, and declined to 1.00 1/4.

Investments demand provisions firm. The incentive for purchasing advanced the price of live hogs. First transactions ranged from 2 1/4 to 50 higher, with September delivery \$15.50 for pork, \$10.85 for lard and \$10.40 for fat.

## LOW PRICES MAKE BUYING PUBLIC SHY

Tons of Fresh Fish Shipped Daily From Market to Fertilizer.

NEW YORK, June 1.—While the cost of living is mounting steadily and beef is bringing Civil War prices, tons of fresh fish are being shipped daily from Fulton Market, the headquarters of the New York fish trade, to be made into fertilizer.

For several weeks past more fish have gone to the fertilizer companies than have been sold to the retail trade in New York City. Wholesale dealers say they have to destroy the fish because the public is apparently afraid to buy it at low prices.
